

STATE OF ARKANSAS )  
 ) ss.  
COUNTY OF BENTON )

**AFFIDAVIT**

Wilma Sallee, Researcher for North Winds Investigations, Inc., of lawful age, being first duly sworn upon her oath, state as follows:

1. That I went to the Criminalistics Laboratory / 1525 Homes Kansas City, Missouri 64108-1535 and requested to view the files in regards to Kenneth G. Middleton case. A signed authorization for release of the information signed and notarized by Kenneth Middleton was presented to the secretary and another unidentified subject. That both subjects stated it was not public information and that Blue Springs Police Dept. would have to release the information.
2. That I contacted Director, Gary Howell, who was shown the signed release, and he stated that the information was confidential. That he did pull out the file and opened it stating there were six pages in his report. That as he went through the report, I was looking over his shoulder and noticed page 5 as being one of the pages that I believed to have been altered. (Copy attached with this Affidavit).
3. That Gary Howell did pull out that page when advised that it appeared to have been altered, and that Gary Howell pulled out the page from the file and stated that the areas in question had been whited out. That the page was on green paper and that Howell indicated that they use green out, and that Detective Linck must have used white out when he was in possession of the document.
4. That Gary Howell did hold the paper up and examine it and noted along with myself that the document noted where stated, "No. of Articles" was whited out and the number 2 was noticed under the white out.
5. That the line directly in front of the above notation had another white out area which both Howell and myself noted to say "and left".
6. That Gary Howell would not allow myself to examine the original records any further.
7. That page 5 of their report is believed to be an important piece of evidence (copy attached) and that the remainder of the file is important for our continued investigation.
